Press Release

ADMISSIONS KICK OFF AT UET PESHAWAR

PESHAWAR August 27: The University of Engineering and Technology Peshawar has displayed its first merit list for B.Sc. engineering and non-engineering degree programs Academic session (2018-19). The Vice Chancellor, Prof. Dr. Iftikhar Hussain visited the Admissions Directorate and addressed the new entrants, here today.

The Vice Chancellor said, as the only public sector university in Khyber Pakhtubkhwa, UET Peshawar is a premier seat of engineering education offering admissions in 16 disciplines under a highly qualified faculty. "At present, UET alumni are serving the needs of Pakistan in very

distinct positions from Government to private sector, adding, "UET graduates are pursuing higher education in world's top universities such as Cambridge University, Oxford University and Stanford University which shows UET Peshawar provides a solid platform for their career building," he remarked. The Vice chancellor expressed his satisfaction over the admissions process. He also spoke to the parents and students on the occasion and directed the admissions staff to facilitate the students and parents.

The Director Admissions, Dr. Misbah Ullah said, around 17000 candidates appeared in ETEA Test from which 771 students will be enrolled to different disciplines of UET Peshawar. The first merit list announced could be viewed on the varsity's website. He advised students to be vigilant during the admission process about selection of disciplines as it will be strictly followed on merit, and there will be no change after an aspiring student selects his /her choice. He further said, besides self finance programs, UET also offers scholarships to support
