

Name Dr. Suhail Yousaf  
Designation Lecturer  
Department Computer Science and Information Technology  
Specialization Computer Science  
Email [syousaf@uetpeshawar.edu.pk](mailto:syousaf@uetpeshawar.edu.pk) / [suhail.vu@gmail.com](mailto:suhail.vu@gmail.com)  
Area of Interest Distributed Systems, Internet of Things, High-performance Computing, GPU Computing, Wireless Sensor Networks, Pervasive Computing  
Office Hours 8:00 A.M to 4:00 P.M. (Monday to Friday)  
Office Location

1. Ground Floor, NIUIP Building, Hayatabad Campus
2. Coordinator Office, department of Computer Science & IT, Main Campus.

  
Phone +92 336 11 99 859  
Publications **Journal Publications:**

S. Yousaf, R. Bakhshi, and M. van Steen. Reliable localized event detection in a wireless distributed radio telescope. Int. J. of Sensor Networks, Vol.14(3), 2013. [Impact Factor = 0.454]

Suhail Yousaf, Rena Bakhshi, Maarten van Steen, Spyros Voulgaris, John L. Kelley. Exploring design tradeoffs of a distributed algorithm for cosmic ray event detection. Journal of Instrumentation, Volume 8, March 2013. [Impact Factor = 1.22]

#### **Conference/Workshop/Symposium**

S. Yousaf, R. Bakhshi, and M. van Steen. Reliable localized event detection in a wireless distributed radio telescope. In Proc. of 6th International Workshop on Sensor Networks (SN) in conjunction with ICCCN 2012, pp. 1-6, IEEE, 2012, (July 30 - August 2, 2012, Munich, Germany).
