

Alumni Survey

(To be filled by Alumni - after the completion of each academic year)

The purpose of this survey is to obtain alumni input on the quality of education they received and the level of preparation they had at Department of Mechanical Engineering, Campus Jalozai, University of Engineering & technology. The purpose of this survey is to assess the quality of the academic program as per Outcome Based Education (OBE) Practices. We seek your help in completing this survey assess. We seek your help in completing this survey.

Scale Used: Excellent (5), Very Good (4), Good (3), Fair (2), Poor (1)

Alumni Information:

Name: _____

Name of organization _____

Position in organization _____

Year of graduation _____

Contact No: _____, Email: _____

1. Employment opportunities you received after graduation?

1	2	3	4	5
---	---	---	---	---

2. How effectively can you apply the engineering knowledge gained in Undergraduate program in your career path?

1	2	3	4	5
---	---	---	---	---

3. How effectively can you analyze a problem using engineering sciences?

1	2	3	4	5
---	---	---	---	---

4. Ability to design solutions and systems for engineering problems that meet the needs for safety, society and environment?

1	2	3	4	5
---	---	---	---	---

5. How do you rate your ability to investigate using literature, experiment, and analyze information for valid conclusions?

1	2	3	4	5
---	---	---	---	---

6. How do you rate your ability to effectively design and present different engineering documents and reports?

1	2	3	4	5
---	---	---	---	---

7. How do you rate your ability to communicate, receive, and understand instructions orally?

1	2	3	4	5
---	---	---	---	---

8. How do you rate your performance as a professional in an organization?

1	2	3	4	5
---	---	---	---	---

9. How do you rate your ability to demonstrate managerial and leadership skills?

1	2	3	4	5
---	---	---	---	---

10. How is your ability to work in arduous /Challenging situation which require Independent thinking

1	2	3	4	5
---	---	---	---	---

11. How relevant is your career job to your undergraduate program?

1	2	3	4	5
---	---	---	---	---

12. Is curriculum effective enough to develop understanding of professional and ethical practices?

1	2	3	4	5
---	---	---	---	---

13. How well are you aware of the responsibilities towards society and environment while working in your profession?

1	2	3	4	5
---	---	---	---	---

14. Ability to understand environment, sustainability, and sustainable development.

1	2	3	4	5
---	---	---	---	---

15. How do you rate your ability to effectively apply practices on engineering activities and society at large?

1	2	3	4	5
---	---	---	---	---

16. How do you rate your experience as an individual or team work?

1	2	3	4	5
---	---	---	---	---

17. How helpful were trainings you received after graduation, for your career progression?

1	2	3	4	5
---	---	---	---	---

18. Is your under graduate studies are helpful to progress towards new professional development and higher studies.

1	2	3	4	5
---	---	---	---	---

19. How do you rate your ability to recognize, contribute, and use technological change?

1	2	3	4	5
---	---	---	---	---

General Comments:

1. Any suggestions to improve the skills, course contents and learning environment of the department. , which you think would help strengthen our programs.

2. Any general suggestions to improve the infrastructure and reput of the department and university.
